FEBRUARY 2021

In matters of art, the intellect is the most vulnerable and bends toward the weight of opinion and preconception. The heart is where our personal and irrefutable truth resides and it is the source of our most trustworthy instincts. This is the notion that best describes the purpose of this catalogue. It is the purest possible presentation of art, absent name recognition and facts. As you turn each page, gauge your heart's response first and place your trust there. Any information that would reveal authorship, including signatures, has been purposely removed. Don't think—abandon your intellect—discover the satisfaction of choosing with your heart.

Resist the urge to learn more about the paintings for as long as you can. Allow the art to speak for itself. When the time comes, visit our website or call us to identify your choices.

LOUIS M. SALERNO, *Owner*
