NOVEMBER 2023

In history and literature, song and lore, the city of the world has touched so many lives. A city that awakens dreams and fosters hope remains forever vibrant in the memory of all who have experienced it.

A city of old and new, classic and cutting edge, of an astounding architectural and cultural amalgamation shaping its countenance and character.

Great artists are inspired by the city on the edge of the last new and free world. Their paintings preserve the spirit of this island of rock, forever assuring an everlasting relevancy.
