JUNE 2026

We are a gallery that primarily offers paintings we own for sale. We have always believed that this is the best indicator of our conviction.

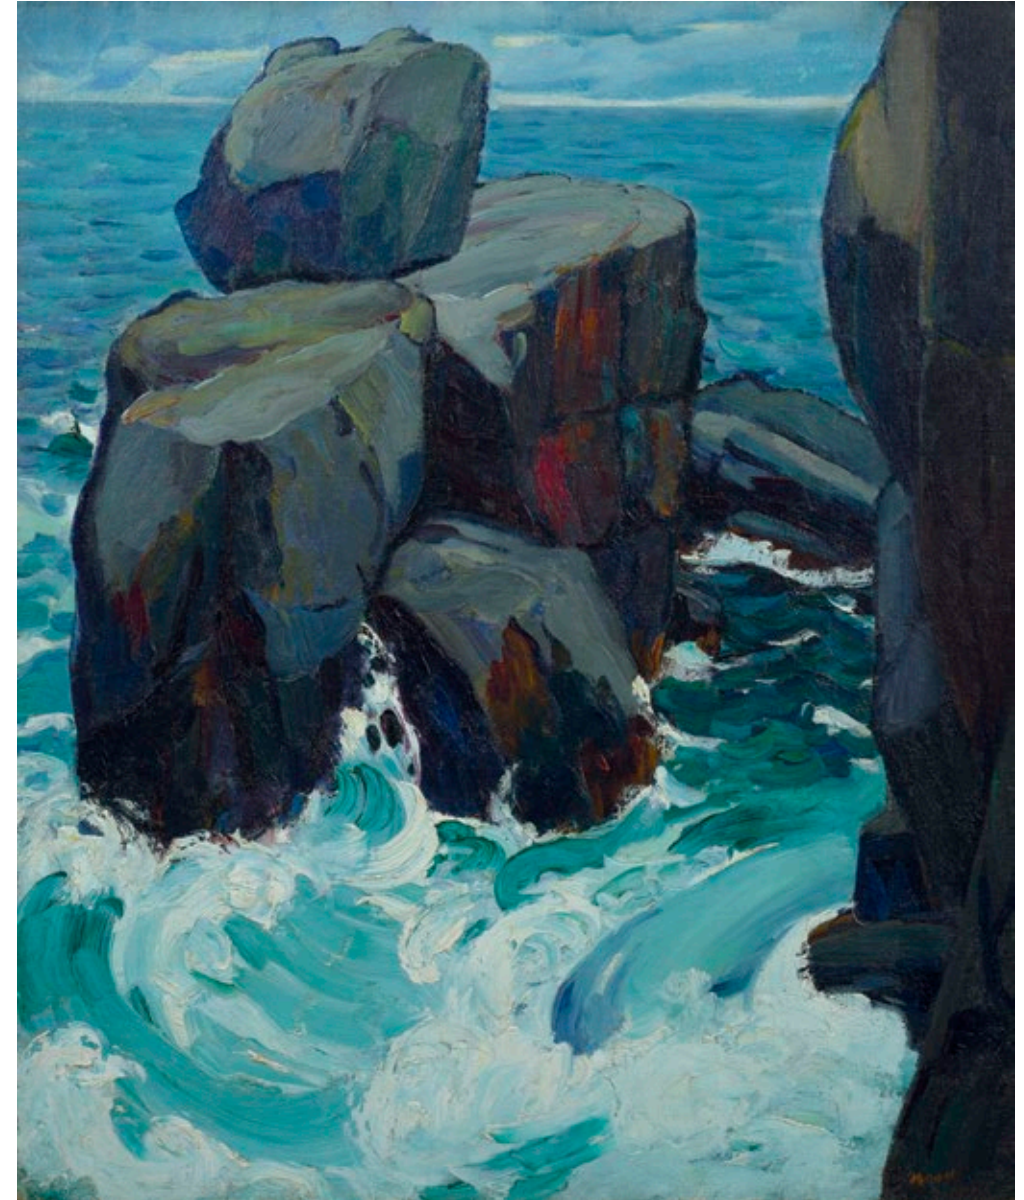

In order to best manage the capital we use for future acquisitions, our summer sale was initiated about 17 years ago to provide additional liquidity.

The sale also benefits collectors as it provides an opportunity to acquire carefully curated work at significant discounts.

This year's sale of about 100 paintings includes examples by some of our nation's most revered artists. This catalogue features a selection of the works on offer. We encourage you to use the link below to view all of the paintings in the sale.
